well done!

I can't believe it. Carl has not written to me or sent me a postcard once, since he's been away in Egypt. It would be easier if our phone was working. It's been broken for ages. Dad can't fix it at the moment, and we can't afford to buy a new one. I would write to him, but he didn't tell me the address of the villa he was staying in. If only I had a mobile, I could phone his mobile number. Fucka!!! I could use next door's phone, or, actually, Mr and Mrs Coel won't let me use it (they're my next door neighbours). I know. I'll use the phone box. (I think I've got some change).

Goodness me, this phonebox stinks. EEEH I don't even want to know what that is. Anyway, I see his phone is switched on. What's it again? Oh, yeah. IS12 to 52. Arrgh!!! What's happening!!! Who's shaking the phone box!!! Who turned out the lights?

Where am I? Why is everything so smoky? Everything is silver except the air around me, it's black, and I'm standing in a silver pool with some thing that looks like a phone when you look up there are millions of metal poles, and some of them have what look like funny shaped cars whizzing along attached to the metal poles at the top.

There seems to be no-one around. (the phone box)
 Like someone has just walked past. All their
 skin is black and crusty and in the side of
 their neck there are gill like things. The whites
 of their eyes are grey and he, or she, has
 no hair. I also notice that he, or she has a
 clear gas mask. It's from all the smog.
 Goodness me. I just stepped
 outside the phone box and I couldn't
 breathe. It was like a long cobra was
 wrapped around my neck, and if
 I was to get a little bit of air in it was
 horrible, like when you stop at red man
 beside the traffic light and a bus
 is stopped beside you and you're
 getting breaths of carbon dioxide.
 But this was 100x worse. Now I know
 what all the black air is, all the
 pollution. But that doesn't help me
 figure out where I am.
 What's that? It's a big
 poster, saying: Monday 26th May
 1312632. I've gone into the future!
 Wait, I recognise the date. It's Carl's
 number. When I typed it in on the
 key pad in the phone box, that must
 of taken me into the future. I must
 get back and warn every one!
 All type in 2008. Nothing was happen!
 Then "Hello, dearie" an old woman answered.
 "Who is it?" I hung up. Oh, oh. How do I
 get back then?

I've been thinking for ages about
 what to do. There only seems to be one
 good option, fix and stop all the pollution.
 This sort of seems like a dream, but a fun
 dream. It just have to find out where
 the city's power source is. But I've got to go
 outside (again).
 It was a lot easier to find
 than I thought it would be. I got round
 the corner and there was a BIG sign
 saying CITY'S POWER SOURCE
 It's very oily, and extremely bright, this will
 be the switch.
 Everything has gone dark
 and I can't see where I'm going. I
 keep on banging into long bars and
 wires and knobs. Yes! The door!
 There is up near outside.
 I sealed the door with stone on the
 ground so no one could get in
 to turn the switch back on.
 I've been thinking. If I'm
 going to suck out all the pollution
 I'm going to need help. Which is not
 going to be easy.
 Every one keeps on staring
 at me. It's very annoying. I hope people
 will help.
 OK I think this will work. I've
 put up posters everywhere they say
 MEETING BESIDE PHONE BOX
 BE THERE AT 7pm. I hope they read
 English. And English time.
